Divorce or separation is a time of drastic change. Your needs can be extremely complicated as you navigate through this painful process. Gravett & Gravett's experienced husband-and-wife team of matrimonial and family law attorneys is dedicated to providing you with the most patient, comprehensive, and skillful legal representation possible. Matrimonial and family law is a constantly evolving, highly complex practice, so it is essential to be educated regarding your legal rights in the divorce process to enable you to make informed decisions during negotiations or at trial.

Gravett & Gravett, with offices in White Plains and Mount Kisco, provides comprehensive legal representation in the field of matrimonial and family law, including both mediation and collaborative law and aggressive advocacy at trial. The firm's founding partners, Willem and Margaretha Gravett, are experienced and aggressive trial attorneys who provide clients with personalized legal representation in their matrimonial and family law matters. Gravett & Gravett's practice areas include divorce and separation, child custody and visitation, child support and spousal maintenance, equitable distribution of marital assets, prenuptial, postnuptial and separation agreements, mediation and collaborative law, post-judgment modification and enforcement, estate planning, wills, trusts and elder law, and residential real estate transactions.

Gravett & Gravett was founded on the belief that to be exceptional attorneys, they first have to be good trial attorneys. Their track record as effective courtroom advocates enhances their ability to negotiate favorable settlements for clients and avoid trial. The firm always strives to reach amicable solutions to matrimonial and family law problems, they said. Gravett & Gravett believe in maintaining fair negotiating positions, but if necessary will fight for you in court. Their growing number of high-net-worth divorce clients in Westchester and Putnam Counties has come to appreciate that the firm seeks consensus when it is attainable and aggressively pursues their interests when it is not.

Whether in negotiation or at trial, you will receive attentive, personalized service, as well as access to attorneys after hours and on weekends. **WPT**

 OUR FAMILY FIGHTING FOR YOURS

How our law firm is different:

No hourly fees – When we billed by the hour, our clients wanted everything done with as little communication as possible – for fear of the bill they would receive. We want to hear from you and we want to answer your questions. So, nothing we do is billed on an hourly basis. We work on a fixed fee, agreed-upon in advance, so that there are never any surprises.

Secure client extranet – We provide consistent, proactive updates to our clients via our secure client extranet. You will have 24/7 access to all the documents, important dates, and the status of your case. You will enjoy

the peace of mind of knowing exactly what is going on – in real time.

Your Personal Family Lawyers™ for life – We see your divorce case as the beginning of our relationship, not as a one-time transactional event. We value being your trusted advisors for life. After your divorce, we can also help you to get your estate plans in order so that you can transfer your whole wealth – your financial, intellectual, and spiritual assets – to your loved ones.
